Playing Spirit

It is intended that the games in the Veterans division would enable a man, of over 35 years of age, to play in football that contains: -

a) No aggro
b) No foul language
c) No tackling
d) No body contact

and that he would not be hurt or injured by another person, and that he could carry on playing in this football for many years without such fears, which are real fears.

Any players who feel they cannot match up to these requirements listed above, should take no part in this Veteran Football.

It is intended to impose some rules to emphasize this:

Any players, on receiving a third caution, or sent off the field of play, for any reason, will not be allowed to play in his team's next three games.
